

Quarterly Program Report: Agricultural Development & Sustainability

Type: Quarterly Report | **Date:** September 04, 2025 | **Author:** Dawda Wally

This quarterly report details EASE's Agricultural Development & Sustainability program activities and outcomes.

Program Activities:

- Farmer Training Workshops: Modern farming techniques and sustainable practices
- Cooperative Development: Support for farmer cooperatives
- Agricultural Extension Services: Ongoing support for farmers
- Market Access Support: Helping farmers access better markets

Key Outcomes:

- 300 farmers actively participating in programs
- Improved crop yields reported by participating farmers
- Successful cooperative formations and strengthening
- Enhanced food security in target communities

The report includes farmer testimonials, program statistics, and future plans.
